📅 2003/09/04

Profile

At **Chitkara University**, I'm now pursuing my **computer science undergraduate degree**.I'm quite interested in learning about new technology , competent in both software and web development. Other than that, the technologies I excel at include **Java and MERN Stack**.

Education

Bachelor Of Engineering Computer Science
Chitkara University
2020-2024|Patiala|Punjab
Current CGPA:-9.50

Higher Secondary(Non-Medical)
R.S.D Raj Rattan Public School
2020|Ferozepur|Punjab
Percentage:-81.8%

Skills

Java Programming

JavaScript

ReactJs

MongoDB

NodeJs

NextJS

HTML5/CSS3

Git/GitHub

SQL

Interests

Singing

Cricket

Acting

Profile Summary

- Proficient in building responsive web applications using modern technologies such as **React.js**, **Node.js**, and **MongoDB**, as demonstrated by the development of **Tomato-Food Delivery/Restaurant Website**.
- Skilled in real-time communication integration using technologies like **Socket.IO**, showcased through the development of **Textify Chat Application**, enabling seamless messaging experiences.
- Strong understanding of **full-stack development** principles, including **frontend design**, **backend logic implementation**, and **database management**, acquired through hands-on experience with **project development and management**.

Projects

Tomato-Food Delivery/Restaurant Website

- Developed a responsive food delivery app using **React.js** for the frontend, **Node.js** for the backend, **MongoDB** for the database, and included an intuitive **admin panel** for efficient restaurant management.

Textify - A Chat Application

- A real-time chat application developed using the **MERN stack (MongoDB, Express.js, React.js, Node.js)** and powered by **Socket.IO** for seamless communication.

Netflix Clone [🔗](#)

- Made Using **ReactJs,Firestore and Redux Toolkit**.
